During the 68th American Society of Tropical Medicine and Hygiene Annual Meeting, the RBM Case Management Working Group held an informal update of key developments since its last annual meeting. Brief presentations were given on:

- Update and discussion on the Tools and Best Practices Task Force
- Updates from WHO Global Malaria Programme
- Key messages from the WHO iCCM meeting
- Key messages from the Severe Malaria meeting

Copies of these presentations [are linked here](#). The agenda can be [found here](#).

It also was announced that because of the upcoming deadlines for Global Fund concept notes, it has been decided to postpone the next CMWG annual meeting until early September. Dates and details to follow.

The sponsorship of the meeting room was kindly provided by the Population Services International (PSI) and the catering by PMI Impact Malaria.
