Workstream 3: Implementing the Global Vector Control Response

IRM 'MOOC'

- The IRM Massive Open Online Course – 'MOOC', is in the final stages of production
- To be launched this summer
- Many thanks to all those who have contributed to this and made it possible

- The MOOC will be available to study in a supported/moderated three week course, ca. 3 hours of study per week
- It will also be available to study at any time in a standalone format

THE RESISTANT MOSQUITO:

Staying Ahead of the Game
in the Fight against Malaria

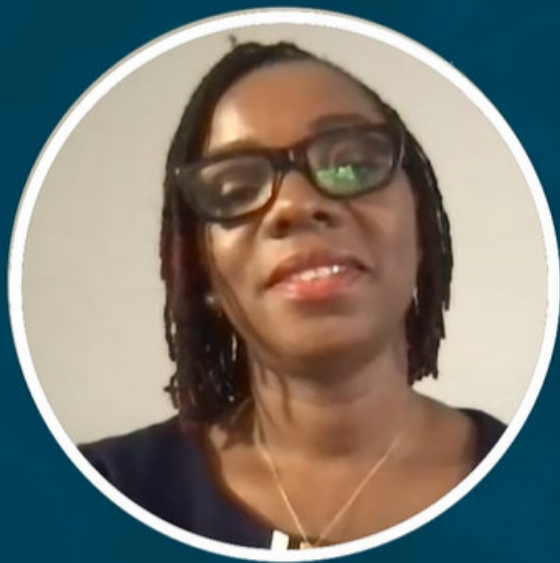

Insecticide Resistance

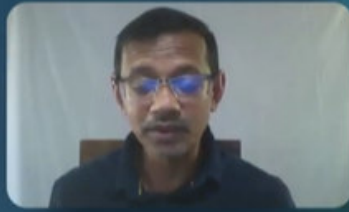

Dr Keziah L. Malm

National Malaria Control Program, Ghana

Dr Fredros Okumu

Ifakara Health Institute, Tanzania

**University
of Basel**

In association with:

Swiss TPH

Swiss Tropical and Public Health Institute
Schweizerisches Tropen- und Public Health-Institut
Institut Tropical et de Santé Publique Suisse

IRM 'MOOC'

- When the launch date has been finalised we will circulate links and further details
- Please share the links to the course, and encourage those in your community involved with vector control to take advantage of this opportunity to discover more about what we can do to address the threat of insecticide resistance
- Watch this space...
